

On the job training

Posted by Christopher Hassall - 14 Jan 2013 10:38

So who remembers CITA - a very successful program that allowed job site training for construction workers to modernize and renovate public buildings. WE NEED A SIMILAR PROGRAM NOW! It not only pays for itself - it creates new opportunities for those out of work and revitalizes local communities. Yes DOLETA will tell you it does this through the Workforce Boards but those of us in the real world know it does not.
